

The Bull & Willow Room

There really is something for everyone at this Great Totham pub and restaurant. Situated opposite the archetypal village cricket field, customers can sit and watch the world go by from the large terrace at the front of the building.

Their aim: 'To treat every person who sets foot in the pub as if they are a friend coming to dinner.'

For a more secluded summer lunch there are beautifully manicured landscaped gardens at the rear of the building. This area is especially popular for private functions and weddings.

Inside, a less formal bar serves innovative sharing platters. The gastro restaurant focuses on full meals, ranging from traditional British pub grub to more international dishes, such as a starter of gorgonzola, poached pear and Parma ham on toast, or a main course of spiced shepherds pie with roast cauliflower, onion, pomegranate and coriander salad. A chocolate mousse pot, with popping candy and orange premeux is just one of the tempting desserts if you have room!

At lunchtimes there is always a good selection of sandwiches and jacket potatoes on offer. Add to this wide choice of locally sourced food, a very reasonably priced wine list, never less than three real ales, Aspoll Cyders, plus award winning Italian beer, Birra Moretti, on draught, and you can see why The Bull is popular with both locals and visitors from further afield.

Manager Umesh Sewnundun hails from Mauritius but has spent his career managing restaurants in both London and East Anglia.

His 35 years' experience of restaurant

standard service combined with the interesting and varied menus put together by the team of experienced chefs, make the Bull a great place to head to for lunch or dinner. Check out the website too for details of special gastronomic and themed evenings, not to mention the extensive list of cabaret and music events.

Whether drinking, snacking, or treating yourself to three courses, the one experience that all visitors to the Bull and Willow Room share is the personal, friendly welcome given by Umesh and his team. Their aim: 'To treat every person who sets foot in the pub as if they are a friend coming to dinner.'
